About

Web developer with a background in customer service and retail. Experienced with project management, time allocation, and problem solving which have provided a solid foundation for programming and development. Always willing and eager to learn new technologies.

Work Experience

Sales Associate, H&M; Tampa, FL & Seattle, WA — 2019-2020
- Sales floor layout resets and following detailed schematics of the desired changes exactly as described
- Customer assistance with check out, clothing fashion advice, and finding the correct sizes
- Unloading and sorting merchandise from truck deliveries and keeping the sales floor stocked

Sales Associate, Target Corp; Rochester, NY & Tampa, FL — 2016-2018
- Prepaid/ Contract mobile phone activation and general troubleshooting
- Sales floor resets referring to detailed schematics of the desired changes and often adapting them to use available resources (these schematics often called for hardware or aisle placement that were not available at my specific store)
- Online order fulfillment for in-store pickup and ship-from-store purchases
